This was a new venture for us to be able to sit back and reminisce.

Pam gave a nostalgic travel back in time to the wonderful music of Ivor Novello. Using her “Ghetto Blaster” She managed to play some of the original songs sung by the artist of the day. Some of the songs very familiar other not so. He was a prolific writer of music and musicals and plays. A very talented man.

Pam’s presentation was well received by all members.
